2018: Best Colleges - Finance Survey

Introduction

BEST COLLEGES

Data Collection

U.S. News has begun collecting data for the 2019 edition of Best Colleges. The U.S. News surveys ask about many aspects of your institution that are important to potential college applicants across the country, other educational intuitions, and the public at large.

Survey Deadline: May 10th, 2018

There are 3 steps in the U.S. News data collection process:

Step 1: Data - Fill in as much of the survey as possible.

Step 2: Assessment - After filling in your data, navigate to the 'Main Survey Assessment' section. The assessment runs a comparison between your current data and the data submitted last year. The assessment will identify potential errors between the two years of data. For more information please go to the main assessment section.

Step 3: Verification - After reviewing the assessment and fixing any remaining errors, navigate to the section titled 'Verification'. This is where the survey submission takes place. Please take some time to review your survey data one last time. When you are ready, please select the check box, fill out the identification information and hit the red 'Submit Survey' button.

Important Icons

* The red asterisk located next to a few question numbers indicated that the question is mandatory. If the question is not answered you will be unable to submit the survey. All assessment flags are mandatory and must be addressed.

✘ The red x indicates that you have not filled out the question correctly. There will be a line of text that accompanies the icon letting you know what the exact problem is. Once the issue is corrected, the x will disappear. All failed validations must be fixed before the survey can be submitted.

🛡 The gold shield indicates that the question has been used in past U.S. News Best Colleges rankings calculations or is under consideration for future use.

❓ The question mark indicates a tip on how to answer that particular question.

☑ The checkbox indicates the assessment section of the survey.

⬆ The upward arrow indicates the verification section of the survey. This is where the submission button is located.

The Common Data Set

U.S. News is again using questions from the Common Data Set (CDS). The CDS initiative is a collaborative effort among data providers in the higher education community and publishers as represented by the College Board, Thomson Peterson's, and U.S. News & World Report. We hope that this effort to standardize data definitions makes it easier to complete our questionnaire.

For easy reference, all CDS items are noted throughout the Main and Financial Aid surveys. The CDS does not cover any of the questions on the Finance survey. Please note that some of the questions used in the Best Colleges rankings are unique to the U.S. News survey and are not included on the CDS. After you have submitted your CDS, you will have an opportunity to submit information for these questions.

All CDS submissions must be received by May 2nd 2018 in order to allow enough time for data

entry and processing in-house. Please contact your data collector for more information.

Questions Used in the Best Colleges Ranking

The questions or question areas listed below are the data points that are used in the U.S. News Best Colleges ranking calculations. More details on the U.S. News Best Colleges rankings can be found here: <https://www.usnews.com/education/best-colleges/articles/how-us-news-calculated-the-rankings> (<https://www.usnews.com/education/best-colleges/articles/how-us-news-calculated-the-rankings>)

Please note: The primary factor used to determine whether a school will be eligible to be ranked in the 2019 edition of the U.S. News Best Colleges rankings is question 57: Does your institution make use of SAT, ACT, or SAT Subject Test scores in admission decisions for first-time, first-year, degree-seeking applicants?

The answer to this question must be "Yes" in order for a school to be ranked in the 2019 edition of the U.S. News Best Colleges rankings. A school that answers "No" will not be included in the rankings and will be listed as an "Unranked School." Test optional schools should answer question 57 as Yes. Only schools that don't use SAT or ACT test at all in admission should answer as No.

If you have questions on the Best Colleges ranking methodology, which schools qualify to be ranked or unranked, U.S. News publications or how these statistical surveys are used in the rankings, contact Bob Morse, Chief Data Strategist, at rmorse@usnews.com (<mailto:rmorse@usnews.com>).
